

You Want Me To Do WHAT?

Once you start flying outside the flight training environment, situations can arise that were not addressed during training. Maintenance problems, weather issues, passenger distractions, ATC interaction, language barriers and self-induced pressure, just to name a few. With first-hand accounts and examples spanning the spectrum of General Aviation, JJ explores some of the situations that pilots may face that, if handled incorrectly, can alter the outcome of an otherwise successful flight.

Directions: Western Washington Fairgrounds are located in Puyallup, just off Hwy 512, at the corner of S. Meridian and 9th Avenue SW. Enter fairgrounds through the Blue Gate. FREE Parking in BLUE Lot. If flying into PLU see additional information below for airport shuttle details.
